Anchor Audio

Booth C9321

Anchor Audio, Inc. is the leading manufacturer of portable sound systems, portable PA systems, speaker monitors, wired and wireless intercoms, and lecterns. Established in 1975, Anchor Audio manufactured their first portable sound system in a small workshop in Torrance, California. Forty years later and in a much larger, state-of-the-art facility in Carlsbad, California, production includes more than 20 different models with sound solutions for every type of market – including education, commercial, hospitality, places of worship, government, and military. The company guarantees the quality of its made in the USA products, offers quick delivery, and is renowned for its 40-year tradition of delivering excellent products covered by an industry-leading six-year warranty.

Avenview Corp

Booth N3147

Avenview provides the ProAV industry with a comprehensive range of AV components for the management and distribution of video signals. Our philosophy is simple – to give installers and integrators the tools they need to create outstanding installations and excellent end user experiences. Avenview is continuously designing and developing quality innovative products to bring to the ProAV market. Our product line currently includes solutions for video walls, multi-viewing, matrix switching applications, signal extension, distribution, conversion, scaling and control.
