

Phoenix Audio Technologies - Coming to A Tradeshow Near You

IRVINE, Calif., May 9, 2018 /PRNewswire/ -- Phoenix Audio Technologies today announces their attendance at 4 tradeshows in the next 30 days.

NEC Showcase - May 16th - 17th

Famed for its experiential approach, 2018 will see the Showcase evolving, presenting the future of display solutions with fresh new experiences. Throughout your working day from your grab & go coffee as you board the train to your customer meetings, you experience a series of engagements. NEC Showcase LIVE recreates this daily journey, enhancing these engagements through technology. For the very first time, Showcase returns to a previously enjoyed venue to take advantage of the superb central location which offers unbeatable transport links and access to all the diverse attractions that London has to offer.

UC EXPO 2018 - May 16th - 17th

UC EXPO is the largest Unified Communications and Collaboration event in Europe. The two-day event encompasses the technologies that enable smarter collaboration and a truly connected business.

Stop by Stand C103 to meet with Bob Farahar and Ryan Root to get the latest on audio endpoints for the modern-day collaboration space.

InfoComm 2018 - June 6th - 8th

This year, Phoenix Audio Technologies is empowering their partners. Stop on by Booth N746 and you can expect to meet with four exceptional AV Integrators from all over the United States.

Partners in attendance: Perfect Video Conferencing, Conference Room Systems, Alpha AV, and System Technologies Inc.

InfoComm 2018 is the largest professional audiovisual trade show in the United States, with thousands of products for audio, unified communications and collaboration, display, video, control, digital signage, home automation, security, VR, and live events.

CHECK 2018 - May 23rd - 24th

The Conference on Higher Education Computing in Kansas (CHECK) is an annual gathering of information technology professionals in post-secondary institutions in Kansas to present, discuss, and learn about new technologies and current issues in providing IT services to the higher education community. CHECK is sponsored by the Regents Information Technology Council (RITC) and coordinated by the Information Technology and Services Advisory (ITSA) subcommittee. Hosting the event rotates among the member institutions. Phoenix Audio Technologies will be presented by Kansas City Audio Visual.
