

Grandwell to showcase its Mobile LCD Kiosk product line during InfoComm2017

Grandwell's A-frame LCD Kiosk is the next trend in the Digital Signage market

Fuquay-Varina, North Carolina, USA (JUNE 2, 2017) – Grandwell is so proud and excited to introduce the new A-frame Mobile LCD Kiosk in the upcoming InfoComm tradeshow. In addition to showing an expanded LCD product line, Grandwell will also introduce the outdoor high resolution LED video wall at booth 515 in Orlando, FL at the Orange County Convention Center from June 14 to 16.

Innovating On The Go

Since our establishment in 1989 in North Carolina, Grandwell has been innovating new ways to deliver the highest quality products, services and value to our customers. With the increasing demand of portable display solutions, Grandwell Professional R&D come up with a brilliant idea of making kiosk portable and easy to carry around. The A-frame LCD kiosk is the solution that can satisfy the market needs, such as event display application, wedding photo use and retail store advertising.

Looking for The Next Trend?

Think about the traditional A-frame static poster we usually see in shopping mall and event reception, does it catch your attention effectively? The Grandwell A-frame LCD kiosk is designed for a simple display solution that can replace the old-fashioned poster of a trendy digital poster, which provides:

- FHD Resolution
- Android Cloud-based Publishing System
- Fashion-look and Free Standing Design
- Lightweight and Portable Frame
- DOLBY Audio Speaker

Together, Let's Stand Out!

"The A-frame LCD kiosk features a powerful cloud-based publishing software that enables customer uploaded contents immediately and anywhere in the world," said Sean Lee, R&D Manager, Grandwell. With the expanded product line, Grandwell can assist customers better with more professional display solutions. No matter what you are looking for, together with Grandwell, let's be seen and stand out!
