

STARTON INCORPORATED Introduces MAXPAD at InfoComm 2017 Everything You Need in Just One System Booth #3790

STARTON INCORPORATED specializes in manufacturing optronic, camera design and touch panel module. We are a division of GOTEK (a leading technology firm) which has been in business for over 2 decades. Our clients include: HTC, Lenovo, Acer, ASUS, DELL, BMW, Compal, FLEX, Panasonic, SHARP, NEC and a lot more.

We are pleased to introduce to you our **MAXPAD** Interactive Whiteboard, a quantum leap technology that is built with everything you need in just one system. **MAXPAD** is run by i5 and i7 processor. It has Infrared Sensor Technology, PC integrated, with Windows 10 Professional, SSD Storage, and Air Streaming for Windows / Android / MAC. Since Windows is the most used Operational System in the world, you can run all the applications you normally use on your Desktop. It has a built in Full HD Camera with microphone, Wi-Fi, HDMI and USB Port. With our multi-touch screen system, you will never experience any lags or delays.

MAXPAD is built with the highest quality of Ceramic Coated Steel for better durability, which means it is crack and scratch resistant with no overheating issue. Our Interactive Whiteboard is very safe for everyone and for the environment because it has no harmful blue-light or radiation. All features are patented, we can assure you that we never compromise on our quality standards and we know that we have the BEST product by far in the market.

MAXPAD Interactive Whiteboard has gained wide acceptance in different countries and has a very good reputation and excellent response. Our product is available at a very competitive price and is attracting a great positive feedback from our clients.

To fully showcase what **MAXPAD** can do, we humbly request to give you a product presentation at booth #3790. We are committed to providing our customers with the highest quality of technology possible. We are a firm believer in utilizing the most effective presentations, product launches, teaching methods, and tools to provide solid foundation for every individual. Our goal is to cultivate everyone's strengths, as well as focus on improving weaknesses, by innovating minds. At Starton Inc., we Inspire, Amaze, and Amuse with **MAXPAD**.
