

## **Fulcrum Acoustic to Exhibit at InfoComm17 in Orlando** **Technology-Driven Loudspeaker Solutions at Booth #5881**

**Rochester, NY & Whitinsville, MA - June 2017...** Fulcrum Acoustic, creators of high-performance professional loudspeaker technologies, is excited to announce that they will be exhibiting at InfoComm17 in Orlando, Florida, June 14<sup>th</sup> through June 16<sup>th</sup>. InfoComm, the Western Hemisphere's largest annual conference and exhibition for AV buyers and sellers, will be held at Orlando's Orange County Convention Center.

"InfoComm presents a great opportunity for us to connect with professional audio dealers, system designers, reps and end-users," says Fulcrum Acoustic president Stephen Siegel. "We look forward to sharing our latest loudspeaker designs, and presenting their enabling technologies through live demonstrations at our booth #5881 in the exhibit hall's Audio Pavilion. We also welcome booth visitors to discuss their specific projects for which our loudspeaker technologies can help solve audio challenges to achieve superior outcomes."

### **About Fulcrum Acoustic**

Founded in 2008, Fulcrum Acoustic is a professional loudspeaker manufacturer known for its unique approach to loudspeaker design. Employing the research of company co-founder David Guinness, Fulcrum Acoustic combines proprietary coaxial design and Temporal Equalization™ processing power to create the most powerful and versatile line of loudspeakers available.
