

Amphenol AX MARK Color Coding Sleeve System for AX Series XLR connectors **The REAL Original & the NEW Standard of Excellence**

CLINTON TOWNSHIP, MI – June 2017 -- Introducing the AX MARK Color Coding Sleeve System for the BEST-IN-CLASS XLR connector available anywhere — the AX Series from Amphenol.

Our AX MARK Color Coding Sleeve System is available in 10 COLORS, either in bulk for field-assembly and marking, factory pre-assembled on the AX connector of your choice, or custom ink-stamped in the factory to your specific requirements. Our innovative sleeve design not only provides color coding options, but also incorporates a large, flat “channel ID” marking surface, all designed to be field or factory-installed on all male & female AX Series XLR connectors.

For more information: www.amphenolaudio.com/products/xlr/accessories/sleeves and be sure to look for our ad in the June Infocomm issue of FRONT OF HOUSE Magazine.

Since establishing the XLR industry standard in 1955 in Melbourne Australia (then trading as Cannon), ENTERTAINMENT@AMPHENOL has continued to deliver the highest-quality, most-reliable and competitively-priced XLR connector systems in the Industry.

ENTERTAINMENT@AMPHENOL, recently rebranded and launched to replace our former Amphenol Audio brand, better representing the markets we serve. We aren't just “audio” anymore, but now focus on the entire entertainment electronics market. As Amphenol Audio, we designed and produced products for the pro-audio industry for over 60 years. Now focused on the broader entertainment electronics market, our continued innovation & development of next generation, industry-leading products for the entertainment industry is second to none. Offering an extensive range of professional connector and cabling products for audio, video, lighting and special effects professionals - WE DELIVER THE SOLUTIONS YOUR BUSINESS DEMANDS!

Founded in 1932, Amphenol has grown to be one of the world's largest interconnect and cable manufacturers with over 62,000 employees designing, manufacturing and selling interconnect products in 70 countries around the globe. The company designs, manufactures, and markets electrical, electronic, and fiber-optic connectors, interconnect systems, and coaxial and specialty cable. Today, Amphenol has a diverse presence in high-growth markets that it has cultivated over its 75-year history, and ENTERTAINMENT@AMPHENOL is proud to be a part of that history.
